Dear Mr. Weisberg:

I am very interested to know if you are still doing any work on the assassination of President Kennedy. I'm sure you know The Zapruder-film is now out for public view. I have shown it to many people, and the news is really big. I have been doing work on the case myself since the summer of 1968, when it visited Dealey Plaza, on a trip to Texas. I had a debate today with the Dean on my campus (Dean Junior College), concerning the head reaction of President Kennedy, in the Zapruder film. I think I won, and he thinks he won. He won't believe anything until Nixon and the boys let it out, and they won't do that! If you have been doing work on the case, and you still have materials for sale, let me know.

Thanks,

HARRY A. YARDUM

On November 22, 1963, President John F. Kennedy was killed in Dallas, Texas. We were told that he was killed by a frustrated loner, and that he was killed for no reason. But there was more to the events of that weekend in Dallas, and more to Lee Harvey Oswald. Why did two-thirds of the eye witnesses believe that the shots came from the front, when Oswald was allegedly positioned behind the motorcade? Why does the Zapruder home-movie, taken at the scene, reveal the President being blasted violently backwards? Was this not inconsistent with Oswald's location to the rear? Why did this frustrated loner, reputedly a leftist, have a history of involvements with the Central Intelligence Agency? Why are the eleven files compiled by the C.I.A. on Oswald prior to the assassination being withheld from the public until the year 2039? WHY?

Researchers have been asking these questions for years and have been uncovering answers. Hundreds of photographs taken at the scene of the assassination of John Kennedy have been acquired through the years since 1963. These photos, unseen by the Warren Commission, reveal incontrovertibly that the President was killed by a conspiracy and offer many hints as to who was responsible.

The John Kennedy Assassination, and other major political assassinations, is far more than a curious event of the past to be scrutinized by historians. John Kennedy was killed by a conspiracy, and he was killed for a reason. Power changed hands that fateful day in Dallas. We have uncovered some strange links between figures involved in the assassination and the men arrested for the Watergate break-in. It is impossible to understand the course of American policy over the last decade until the motives behind the assassination are brought to light.

This incredible program includes hundreds of rare slides plus the suppressed Zapruder film, along with an in-depth verbal explanation of the research and discoveries made in the past ten years. The program is an hour and a half in length and is followed by a question and answer period.

This program is a must for anyone who now, because of recent Watergate revelations, is ready to view past historical events and question government explanation of their occurrence, causes and repercussions.
